## Classroom News

We would like to welcome you all Back to School!  
We hope you will feel a part of our Ahlia School family very soon!

September is a month of settling into the school for the children; for them to learn to feel safe, begin to learn the class routines and rules. From the month of October we will start to cover the subjects and themes for the school year ahead.

Our first theme this term is "Back to School". During our circle time our children will be learning to follow simple instructions by listening to others, sharing and taking turns.

We encourage children to extend and build on their existing knowledge by giving them a rich language environment throughout the day.

## Songs & Nursery Rhymes

Music plays an important role in our children's growing. From birth, parents instinctively use music to calm and soothe children, to express their love and joy, to engage and interact. We can build on these natural instincts by learning how music can impact child's development, improve social skills, and benefit kids of all ages.

This month we will sing all well known Nursery Rhymes. The children will be exploring rhyme, rhythm, music and movement. We will introduce all musical instruments and will let the children to play.
